

SUPPORT YOUR SPORTING CLUB WITH ROMLEY ESTATE

A healthy and effective way to support your family's health, while raising money for your club.

WHY FUNDRAISE WITH US?

We are parents and active parts of our local community; always involved in fundraising and supporting local schools, sporting clubs and businesses wherever we can.

We were sick of the chocolates and useless unsustainable products that are often used as a fundraising tool, so we decided to offer our award winning, best selling extra virgin olive oil, olives, and other Romley Estate goodies as a way to support businesses instead.

Not only does our olive oil and products have an array of health benefits, but the whole family can gain enjoyment and benefit from our products too. And, you will know that you are buying a sustainable, eco-friendly and 100% Australian owned and locally produced product, made with love.

- ✓ Complete the order form at the back of this booklet with how many products you'd like, along with your details.
- ✓ Then, give your order form back to your sporting club.
- ✓ Your sporting club will process your payment, then provide you with your products!

200 GRAM GARLIC, CHILLI & HERB OLIVES

These olives are a combination of my three favourite olive flavours. I couldn't decide which herb or spice to use, so I combined all 3 (why not!), and it created a beautifully balanced flavour.

I've used our award winning kalamata olives for this blend, which are lovingly handpicked and hand sorted, and given all the precious attention they deserve. They are a vibrant full flavoured delicious treat to be eaten on their own, or with cheese and wine.
