

FUNDRAISING WITH ROMLEY ESTATE

A healthy and effective solution to raise money for
your school or organisation.

WHY FUNDRAISE WITH US?

We are parents and active parts of our local community; always involved in fundraising and supporting local schools, sporting clubs and businesses wherever we can.

We were sick of the chocolates and useless unsustainable products that are often used as a fundraising tool, so we decided to offer our award winning, best selling extra virgin olive oil, olives and other Romley Estate goodies, as a way to support businesses instead.

Not only do our olive oil products have an array of health benefits, but the whole family can gain enjoyment and benefit from our products too. And, you will know that you are selling a sustainable, eco-friendly and 100% Australian owned and locally produced product, made with love. Plus – they will make you money!

HOW DOES IT WORK?

We have made it as simple as possible for you.

- ✓ You tell us which type of oil you would like to order, how many bottles you would like, and we ship it directly to you.
- ✓ The more you purchase from us, the higher the discount you will receive (and the more profits you will make!)
- ✓ Then, how you sell them is up to you; perhaps a fete or fair? Or an order drive?
- ✓ We will provide product booklets and order forms for your customers to make the process easy for you.

PLEASE NOTE: if you are handing out order forms, you must write which oil you have chosen and the retail price on each order form (we give a recommended retail price, but you can charge what you like!)
